**For
domestic
use**

- The product is not intended for commercial use.
- Do not use the product for anything other than its intended use according to the Instruction Manual. Doing so may result in unexpected accidents.

- Thank you for purchasing our Small aroma diffuser.
- Before using the product, thoroughly read this Instruction Manual for proper use.
- After reading, keep this manual in a safe place for quick reference.

1. Safety Precautions

To be Strictly Observed

● The safety precautions describe instructions which shall be observed to prevent bodily injury and property damage to the user and others during use of this product. Please read and comply with all instructions and warnings provided in this manual prior to using the product.

■ Explanation of graphic symbols used in this manual.

Indicates an action that is not allowed.

Indicates an action that must be done.

Danger

This symbol indicates a potentially hazardous situation, which, if not avoided, could result in death, irreversible bodily injury and corresponding property damage.

- Only use the product as described in this manual.
- Do not disassemble, modify or repair this product.
- Do not subject it to impact, such as puncturing it with a nail, hitting it with a hammer, or stepping on the product.
- Do not heat or throw the product into fire.
- Do not splash liquid or use in places subject to liquid exposure.
- Do not connect or disconnect the USB cable with wet hands.
- Only use with the USB cable provided.
- Only use with the designated aroma tablets.
- Do not use or store the product within the reach of small children.
- Do not use if you are pregnant.
- Do not use the aromacaron in a place where small animals are present.
- If you begin to feel ill during use, discontinue use immediately.
- Do not adjust the product while driving.
- Do not place the product within a car where it may obstruct visibility, hinder driving or endanger passengers.
- When using with the strap attached, do not pull, entangle, swing, or throw the product. Also, do not store the product within reach of small children, people with dementia, or pets.
- Do not use or store the aroma capsule near fire.
- Discontinue use if you observe any abnormality such as smoke, abnormal odour or noise.

Danger

- When using with the strap attached, be careful not to become caught or entangled on the side of the door or a protruding edge.

To avoid serious injury or blindness due to leakage, rupture, heat generation, or ignition of rechargeable batteries, please be sure to observe the following precautions.

- If the liquid leakage occur, do not touch the liquid with your bare hands.
- If the leaked liquid gets into your eyes, do not rub but immediately flush your eyes with water and consult a doctor to avoid risk of vision loss.
- If the leaked liquid contacts with your skin or clothes, rinse off with clean water such as tap water and immediately consult a doctor.

Warning

This symbol indicates a potentially hazardous situation, which, if not avoided, could result in bodily injury requiring medical attention and corresponding damage.

- Do not allow foreign objects (such as pins or wires) to enter the micro USB port, air inlet, air outlet or aroma tablets area.
- Do not use the USB cable if it is damaged or has a loose connection.
- Do not use or store the product near fire or in direct sunlight.

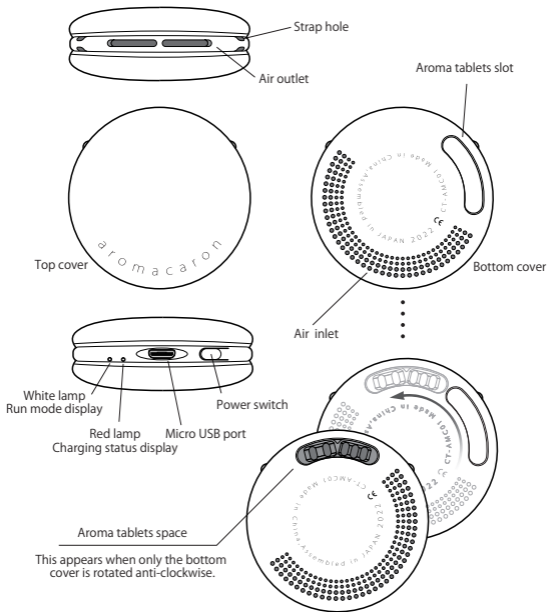

Caution

This symbol indicates a potentially hazardous situation, which, if not avoided, may result in minor bodily injury and corresponding damage.

- Do not use or store the product outside the specified temperature range of 0°C to 40°C.
- Do not use or store the product outside the specified humidity range of 25% to 85% humidity.
- Do not place in an environment subject to strong vibration or on an unstable surface.
- Do not use in places with a lot of oily smoke or dust.
- Do not store in an environment where it may come into contact with water.
- Do not damage, modify, bend, twist, pull or bundle the USB cable.
- This product has a built-in lithium-ion rechargeable battery.
If you have not used the product for an extended period of time, use the product until you have fully drained the battery and recharge for 1 hour. Make sure you store in an environment of 0°C to 35°C.
To prolong battery life, charge once every six months for one hour.

2. Product Overview

3. Operation

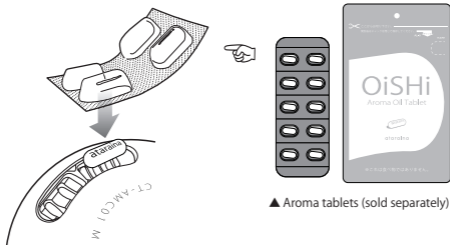

① Insertion of aroma tablets

Slide open the lid of the aroma tablet cartridge in the direction of rotation and insert one or two aroma tablets according to your preference.

The slits on the left and right allow for a slight adjustment of the aromatic volume due to the variation in slits.

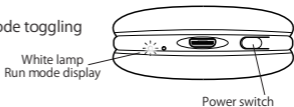

(Left: 2 slits. Right: 3 slits. The right slits are slightly more aromatic)

Slide the lid in the opposite direction and close to complete preparation.

▲ Aroma tablets (sold separately)

② Power ON/OFF Run mode toggling

Operate the power switch to toggle the run mode in the following order:

Press and hold the power switch → Power ON, starts running, white lamp illuminates...

<Standard mode>

⇒ Click the power switch → Toggles mode, white lamp blinks twice...<Gentle mode>

⇒ Click the power switch → Toggles mode, white lamp blinks three times... <Fluctuation mode>

⇒ Press and hold the power switch → Power OFF, stops running

③ Charging

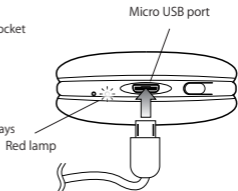

Connect a micro USB cable from a power socket to micro USB slot.

Once connected from the power socket, the red lamp blinks.

⇒ Starts charging, charging indicator displays

The red lamp turns solid once sufficient charging time has elapsed.

⇒ Charging complete indicator

▲Micro USB cable (Sold separately)

④ How to use

Place it on a table or use the strap holes to hang it up with straps or similar in your preferred position.

Precautions when using the strap

Danger

**Be sure to follow the precautions below.
Choking, injury, or product damage occurring.**

- Do not forcibly pull, wind, swing, or throw the main body or strap with the strap attached.
- Be careful not to get it caught in a door or a protruding object, or you may be pulled and choked by it.
- Do not store the product within reach of small children, people with dementia, or pets.

Before using the aroma tablets

- The aroma tablets are very small. To prevent accidental ingestion, please use and store the product out of reach of people with dementia and children.
- Do not use the aroma tablets in a place where there is exposed fire such as in the kitchen.
- Do not put other aroma oils on the aroma tablets.
- Do not use products other than the dedicated aroma tablets.
- Do not use if you are pregnant.
- Refrain from using the aroma tablets in rooms with small animals such as pets.
- If you feel any discomfort due to the scent, stop using and ventilate the room.
- Pay attention to the health condition, constitution and sensitivity of the person using the product, and if any discomfort or abnormality is experienced, stop using it immediately.
- If the scent is strong during use, keep the aromacaron outlet away from your face. Also, ventilate the room if necessary.
- The aroma tablets are consumables. The scent may vary depending on the environment and personal preference. If the scent changes or becomes weak, replace the aroma tablets with a new one.
- Use the aroma tablets within the expiration date printed on the back of its packaging. The expiration date stated refers to unopened items. The capsule should be used as soon as possible after opening.
- Since it is a natural essential oil, its scent and colour may differ, but this is not an indication of a defect.
- Store the aroma tablets in a cool, dark place away from fire, direct sunlight, and hot and humid environments (they may cause the aroma to deteriorate).
- If you are being treated by a doctor or on prescribed medication, consult with the relevant medical institution before use.
- If you are an elderly person or have a previous medical condition, please try the scent first before using.
- For infants under 3 years old, please consider their physical condition and consult a doctor or an experienced specialist before use.
- If you have sensitive skin, or if you are using it for the first time, please try the scent first before using.
- If you have any abnormality on your skin such as inflammation, erythema or itching, please seek medical advice.
- When attaching the aroma tablets to the main unit, push the tablet case from above with your finger to attach it to the specified position, and close the lid completely. (Refer to P.19 Operation ("3-5. Inserting the Aroma tablets"))

4. Specifications

Li-ion

How to Dispose

As this product consist of electronic components and batteries, dispose in accordance with your local government regulations. If you have any questions, please contact your local municipality or the seller for waste disposal in your area.

7. Notes on Long-term Use

When the product is used for an extended time, the internal components may deteriorate due to heat, moisture, dust, etc., and smoke or fire may occur. If any of the following occurs during use, turn off the power switch, disconnect the USB cable, and contact the store of purchase or the Customer Support Centre outlined in this manual.

With Long-term Use...

- ◆ The fan does not turn on even when the switch is turned on (there is no air flow).
- ◆ The fan is rotating slowly • the operation is irregular.
- ◆ Abnormal noise or vibration occurs when the fan rotates.
- ◆ The product is unusually hot or has a burning odour.
- ◆ The USB cord is broken, bent, or damaged.

If you find any abnormalities, stop use immediately!

Immediately turn off the power switch, disconnect the USB cable, and contact the store of purchase or the Customer Support Centre outlined in this manual.

8. After-sales Service

- ① This product comes with a warranty. The warranty is valid only with a proof of purchase (e.g. receipt) from the store of purchase.
- ② The warranty period is for one year from the date of purchase. For repairs during the warranty period, please contact the store of purchase. Repairs will be carried out in accordance with the warranty. Please see the warranty for further details.
- ③ For repairs (chargeable) after the expiration of the warranty period, please contact the store of purchase.
- ④ The holding period for repair parts for this product is 6 years after production is discontinued. Repair parts are parts that are necessary to maintain the functionality of the product.
- ⑤ Should you have any questions regarding our after-sales service, feel free to contact our Customer Support Centre using the contact details outlined in this manual.

[Exemptions]

- ▲ The Company is not liable for any damages arising from earthquakes, fires, actions by third parties, other accidents, intentional or mistaken operation by the customer, or use under other unusual conditions outside the responsibility of the Company.
- ▲ The Company is not liable for any incidental damages (loss of business income, disruption of business, damage to objects etc.) arising from the use of or inability to use the product.
- ▲ The Company is not liable for any damages arising from failure to observe the described content of the Instruction Manual.
- ▲ In all cases, the Company will bear the cost of this product within the price of the product.

[Warranty Provisions]

- In the unlikely event that a failure occurs during normal use in accordance with the Instruction Manual and Safety Precautions, the Company will repair or replace the device free of charge within one year from the date of purchase.
- Even within the warranty period, the following cases are not covered by the warranty.
 - A. Misuse, improper repair, modification, or damage.
 - B. Fault or damage due to dropping after purchase.
 - C. Fault or damage due to fire, earthquake, water damage, lightning strike, gas damage, salt damage and other natural disasters, pollution or an abnormal voltage.
 - D. No warranty card presented.
 - E. The date of purchase and the name of the store are not entered on the warranty card or the warranty card has been modified.
 - F. The warranty is claimed outside the country of purchase.
 - G. Deterioration due to normal wear and tear.
- The warranty will not be reissued, so please keep it in a safe place so as not to lose it.
- Please get in touch with our Customer Support Centre for advice on handling and caring for the device or if you are having trouble contacting the distributor for repairs due to relocating or the product being a gift item.
- We also accept enquiries by email. In that case, please include the product name, product number, content of query, your name, phone number and store of purchase.
